

Transitional Housing Program

The goal of the Lighthouse Outreach Center is to help people become self-sufficient Christian citizens. In order to facilitate the transition from a group living community to independent living we have developed a program to help facilitate that change. That program is our Transitional Housing Program. We have purchased and/or built several houses for this program. Some of the factors to be used in selection of the program participants will be length of successful sobriety, depth of involvement in a local church, satisfactory employment/income, a savings account, displaying a cooperative and teachable attitude, and generally showing responsibility in their lives. They will keep the house in neat and good condition. Participants will prepare all their own meals. All participants in the program will sign a contractual agreement and be subject to periodic and random drug tests. We will be monitoring progress and maintenance of their sober Christian lifestyle. Length of stay will be determined by each individual's readiness for moving to their own permanent housing. 12 months is the recommended length of stay. Beyond 12 months is negotiable. The purpose of the transitional house is to be the bridge between a group setting at the main facility and successful independent living.

The participants will be required to pay a monthly program fee. They will no longer be required to pay 15% of any income to Lighthouse.

Participants may qualify for a 50% refund of their monthly program fee under the following conditions:

To qualify for the 50% refund the participant must have paid their fee on time each month for at least 6 months. The maximum refund will be no more than 12 months of the program fee(s).

To qualify for the 50% refund the participant must successfully move out to a stable living situation with their job (or income) intact and able to support themselves in their new situation. Surprise move-outs do not count as successful. Must give at least 2 weeks notice.

The participant will be disqualified from any refund if they violate the Lighthouse rules and/or the guidelines set forth in this document.

**ANY REFUND IS AT THE SOLE DISCRETION OF
LIGHTHOUSE ADMINISTRATION.**
